SERIOUS ACCIDENT AVERTED

A committee of Torrance ladies delegated to purchase the music for the Fiesta Chorus are to be congratulated on their narrow escape from serious injury as they drove to Los Angeles in Mr. Paige's Sedan. Miss Rowley was driving the car and had turned into San Pedro street to avoid the traffic at the noon hour, when along came another car piloted by one who seemed dazed or intoxicated. He hit the fender of the Paige car and ripped it off. Serious injury to the sedan and occupants was saved by the quickness of Miss Rowley when she turned out of the direct line of the approaching car. Those in the party were Mrs. H. E. Paige, Mrs. E. N. Curtiss, Mrs. J. H. Fitzhugh and Miss Mattie Rowley.

"PINK LADY"

By Hellen Ethney Webb I gathered you close to my breast; In garments warm you were dressed, And I only knew that you slept, Whilst into my heart you unconsciously crept.

You looked so sweet and rosy In your bassinet so cozy, That I named you our Pink Lady, Aunty's dear, sweet little baby.

I never knew the havoc you wrought Till in other fields diversion I sought; You tiny morsel had won my heart With an arrow stronger than Cupid's dart!

Well I remember those eyes of blue And cheeks as pink as the rose's hue; I still can feel those little hands of thine And a soft, warm cheek pressed close to mine.

BUSS LINE WILL APPLY FOR FRANCHISE IN HARBOR CITY

(From Harbor City Sun)

It is understood that a party at Santa Monica is soon to apply for a charter granting the right to operate a buss line from that city to Long Beach, and in the event it is allowed the route will pass along Weston street to Bellport avenue, thence south to the San Pedro Boulevard. As we were unable to get into communication with the promoters, we cannot say just what progress has been made. However, the proposition has the endorsement of both the Retail Dealers and the Chamber of Commerce.

Harbor City people have been very patient in regard to transportation facilities, and we believe the Railroad Commission will grant a franchise as soon as the matter is presented to them. Petitions for a buss line would be freely signed by fully ninety per cent of our people.

LOMITA BOOSTERS AT TORRANCE FIESTA

Finest Display of Fruits and Vegetables Ever Arranged Will Be Exhibit

Lomita's Boy Scout Troop will bid adieu to their homes and parents for two weeks next Saturday morning, when Frank Gallarato will load their luggage and camping paraphernalia on his large truck and start out with the boys for Hugh's Lake. Assistant Scout Master Alex McPhail and Chas. Hatfield, Sr., will be in charge of the boys, and, in fact, they are just as enthusiastic over the outing as the Scouts themselves.

For weeks the boys have been holding their meetings and planning for this trip. Hunting knives, fishing poles and leggings have been looked after, and hundreds of other little details that no one but the boys themselves know of have been put in readiness for this trip. Such enthusiasm over an outing was never before displayed, and as the time approaches for them to leave, some have even felt a loss of appetite, due to the excitement. Reports coming in from the lake state that fishing is good and it sure will be worked hard when this bunch of boys land there. Everyone has a fishing tackle and are eager to use it. Reports of their success and "fish" stories will be awaited in Lomita with much interest.

A large crowd will be out Saturday morning to see the boys off.

FOURTH DISTRICT CHAMBER OF COMMERCE IN SESSION

The largest and probably one of the best meetings ever held by the Fourth District Chamber of Commerce was called to order last Thursday in the Women's Club House at Gardena by President Geo. A. Proctor.

Prior to the meeting a most enjoyable musical program was rendered by the High School Orchestra, composed of Ivan Dow, Darrell Fields, Lucelle Dorse, Laverna Peters and Herbert Van Ripper. The music was greatly appreciated by all.

The roll was called by Secretary Gourdier, and every town except Wilmington answered the roll. The minutes of the previous meeting were read and approved, with a few corrections. Various committees reported progress along all lines of their various endeavors.

The matter of the scenic highway took up the attention of the meeting during most of the evening. The value of the highway as an aid to the Federal authorities in running down law-breakers and to the War Department in military work was brought up, and it was thought that an appropriation from the government on their road building program might be obtained to help defray the cost of building the scenic highway, as it would be a great aid to the government in moving troops along the coast line to and from points of embarkation. Refreshments were served by Gardena members at 11 p. m.

CAMPING

Mr. and Mrs. P. G. Briney have just returned from their vacation. They spent a week camping at Big Bear, returning home for a few days and then motoring to Paso Robles, where they camped in the hills nearby and hunted for deer. They report very warm weather north.

The Modern Woodmen of America met last Wednesday evening, with a full attendance. They discussed plans for a booth for the Fiesta with the Royal Neighbors. They will serve eats and cold drinks. The Royal Neighbors had a special meeting Friday evening at the home of Mrs. May McKinley for drill practice. They have changed their meeting place from Steffen Hall to the new American Legion Hall.

MACABEES

The Women's Benefit Association of the Macabees held their regular meeting last Tuesday evening, August 9, at the Steffen Hall. They perfected plans for a booth at the coming Fiesta. The Macabees are to picnic at Bixby Park, Long Beach, on Tuesday, August 23. Come and bring your lunch. The regular meeting will be held the same evening of the picnic, August 23, at Steffen Hall.
